# Announcement

---

To Shorthorn Breeders:

We invite all who are interested in the production of Shorthorns to become our guests at Edglink Farms on Tuesday, June 9th, 1925. This is the date of our first offering by auction of cattle from this herd. The following pages contain the pedigrees of the cattle and of our stock bulls and some descriptive information.

We wish to call your attention first to the fact that all of the bulls that are offered and all of the heifers and some of the cows are of our own breeding. We know how these cattle have been produced, and we know that every animal that will leave the farm through this sale will be a high-class, well-bred, useful breeding individual. Because we know this we are guaranteeing them fully and completely as provided in the American Shorthorn Breeders' Association's standard form of guarantee for cattle sold at auction. In addition to this, all cattle have been fully and completely tested for tuberculosis, have been found to be clean, and we give the purchaser the privilege of a sixty-day retest at our risk.

In assembling Edglink herd we sought and secured only first-class foundation stock of most desirable type and breeding. We bought the best sires available from time to time, and as a consequence we have produced cattle that have won for us most favorable comment from the press and high honors in the show ring, including first prize at the great International Stock Show at Chicago and many first prize ribbons at leading State Fairs.

We are proud of the cattle in this offering and we invite you to come early enough in the day to study them and see other cattle upon the farm closely related to them, especially their dams, most of which are still in the herd.

Everything offered will be sold without reserve and the buyer will get good value in every lot offered.

EDGLINK FARMS.

R. R. Brennan.

Notice: Good trains connections to Chester Branson's sale, June 10, at Cadiz, Ohio.

# Terms and Conditions of Sale

---

1. Proper care shall be given by purchaser to protect breeding qualities and health of animals.
2. All bulls guaranteed breeders. Notice of failure to breed must be given within six months. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers sold as a single lot guaranteed breeders, except calves sold by side of dam as one lot, and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.
4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of freight and maintenance in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the seller shall be given the option of refunding the purchase price without interest or of delivering a substitute as stipulated above.

It shall be understood that the same guarantee given on the first animal shall likewise apply upon any animal later substituted.

5. All animals are sold subject to a sixty-day retest for tuberculosis, or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer's herd until retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian or veterinarian deputed by state veterinarian who is co-operating with Federal veterinarian and qualified to do accredited herd testing. Purchasing price to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute.
6. Certificates of registry and transfer will be furnished with each lot sold.

Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.

7. **TERMS:** Cash, except other arrangements are made before sale.

A dozen of the cows and heifers in the sale are carrying the service of Edglink Masterpiece. You will like this young sire. He is by Merry Clipper and out of a splendid daughter of the grand red stock bull Butternut by Avondale. He has a good show record which includes the winning of first prize at the Indiana and Michigan State Fairs and second at the Ohio State Fair. As a calf and yearling he was equally successful. He headed the first prize calf herd at Indiana and the second prize yearling herd at Michigan. He is in better form than ever as a two-year-old and we expect him to win high honors at several leading fairs.

Merry Clipper has about twenty sons and daughters in the sale. He was a massive roan of ideal color, great head, good bone and strong quarters. He was deep in body, always wore a good, mossy coat and was always mellow to the touch. His pedigree shows him to have been of the best branch of the noted Clipper family and by the famous sire Harviestoun Grandee (imported). As a calf he was a strong winner at the International and at the Shorthorn Congress. Good judges tell us that his son, Edglink Masterpiece, will be one of the best two-year-olds out this year. A full brother to Merry Clipper is the chief stock bull of the noted Chenoweth herd owned by W. J. and B. A. Thomas of Kentucky.

We selected this bull after he had reached maturity because of his record as a sire and the excellence of his calves, several of which are heading strong herds throughout the country. His sire is the noted Rodney (imp.) that sold at auction for \$20,000 and that had his first calf to sell at auction for \$14,000. His dam was sired by the noted stock bull Maxwalton Renown by Avondale, and was out of Imp. Roan Lady 36th, the dam of two International grand champions, Maxwalton Roan Lady and Maxwalton Commander.

We respectfully call your attention to the calves by Royal Rodney, their type, character, quality and color. Several of the cows carry his service.

Edglink Archer is a deep red bull that grows a great coat of hair. He is exceedingly level and straight in his lines with well placed, short, sturdy legs. His dam is one of the real producing cows and three of her progeny are in the sale. The demand for red bulls should make this an exceptionally desirable lot.

Edglink Momus. This red calf is out of the beautiful dark red cow Red Mulberry. She is a prolific producer of excellent calves and your attention is respectfully called to her and to two of her daughters that are also offered in this sale. Study this calf and his sire and dam, and you will want him for a stock bull.

Here are a few useful young cows many of which have calves at foot and are rebred, and which are to be sold.

All of these heifers are to be sold. Most of them are bred. They are unsurpassed for type, quality, color and breeding.
